Run for the Son update: We have met \$7577.75 of our \$15,000 goal this year.
Bring your 2020 ideas to the next Chapter Meeting. Let's meet our goal of \$15,000 in 2020.

A word from your officers.....

President Dan Jones

The weather seems to be getting better and better, so 'motorcycling season' is just about here. We will undoubtedly start seeing more and more motorcyclists on the roads and that will mean more opportunities for prayer, ministry, and fellowship. In addition to our monthly scheduled activities, this month will give us an opportunity to participate in Chilly Chili Bang Bang on the 7 th, our Quarterly Church ride on the 15 th, and officially open motorcycling season with our Spring Fling and Lunch at the Park on the 21 st . It would really be great to have as many people as we can to join us on the Spring Fling ride, so let's get the word out to all of our friends and as many biker groups as we can. A \$10.00 donation per adult goes to Run for the Son and includes a great lunch! I hope everyone is looking forward to great riding weather as much as I am, and looking forward even more to Spirit led opportunities to share the love of Jesus with others, especially bikers.

Chaplin Eric Smith

Recently, Chrysy and I were stopped at a red light recently and the light turned green. When I didn't go she asked what I was doing. Well, I was looking in the rearview at the cars speeding up behind me. As I finally drove away from the light, I started thinking... how much time do I spend looking back on my life? How much time do I spend thinking (or talking) about the mistakes I have made or the sins I have committed? And then it hit me, I spend a lot of time looking back (maybe too much sometimes). BUT, at the same time, God reminded me that my past is in the past (2 Cor 5:17). My past is forgiven. And thankfully, God has forgotten my past. What really counts is what in front of me and how I live my life going forward. That's it. I must look ahead and press on towards the goal that is in front of me. This is the true beauty of the ride...what lies in front. Enjoy the ride my friends.
